Meet the Expert 2024

GHENT UNIVERSITY

Analytical Tools to Evaluate Clinically Useful Tests

FRI

13th September
12:00 - 14:30
Campus Sterre (S9)
Krijgslaan 281, 9000 Gent

For More Information and Registration

Guest Speaker

Dr. Lisa McShane
National Cancer Institute

Associate Director
Division of Cancer
Treatment and Diagnosis

TOPIC
Tips for navigating through a sea of high-dimensional data and a jungle of powerful analytic tools to arrive at a clinically useful test

BROAD AUDIENCE
Researchers in precision medicine, targeted therapy, biomarker-based diagnostic research, and data scientists in need of integrating machine learning and statistical methods for prediction and classification.

Free Participation: Sponsored by the UGent Doctoral School
