## THE EDITORIAL PROCESS

Kathryn McGinnis, PhD

Senior Editor Nature Communications, Springer Nature, UK

Wednesday, June 12 @ 11:00 am

iGent tower, Aud 1, Technologiepark, Zwijnaarde

Host: Katleen De Preter

Amongst others, Kathryn McGinnis will give a general overview of the process of publishing as well as advice on pitching the manuscript and will talk about some interesting/emerging topics.

Kathryn joined *Nature Communications* in 2021. She studied the role of steroids in brain cancer using bulk and single cell RNA-sequencing during her PhD and subsequent post-doc at the University of Leeds. She previously received her BSc in Immunology at the University of Glasgow, and MSc working in industry within stem cell banking. Kathryn handles manuscripts surrounding **genomics in cancer**.
